

At-Home Activities BINGO

PK - September

Initial next to each activity your child completes at home this month. Return to the teacher at any time by October 2nd. For each "BINGO" your child gets, he will be able to choose one sticker from our classroom sticker box!

<p>Letter Chalk Jumping – draw this month’s letters outside with chalk. Call them out and have your child jump to each one. (Could also practice with sounds)</p>	<p>Color Scavenger Hunt – what colors can you find around your house or outside? BONUS: Take pictures & make a color book!</p>	<p>Rainbow Writing – write your name at least 3 times using a different color each time writing it.</p>	<p>Copy Patterns – Create a pattern using objects from your house or outside and see if your child can copy it.</p>	<p>Cutting Practice – Practice snipping the edges of the paper. (Can use scrap paper or green construction paper to make “grass”)</p>
<p>Fine Motor Practice – draw numbers on pieces of paper. Have your child place small objects (ex buttons) on the number to make it.</p>	<p>Measuring – use different size containers to pour water in the bathtub or sink. Talk about words such as more/less and full/empty.</p>	<p>Cook or bake something together in the kitchen! Let your child help with measuring ingredients & reading the numbers on the recipe</p>	<p>Build This Month’s Letters – you can use playdough, pipecleaners, wiki sticks, buttons, or whatever you want to make them!</p>	<p>Write numbers 1-10 on pieces of paper & hang around the room. Call out the number & have your child run & tap it.</p>
<p>Find the Letters in Your Name – Look in a magazine or newspaper. Find all the letters in your name & paste them on a piece of paper.</p>	<p>Counting Practice – count to 20 in different silly voices! Try doing it at least 3 different ways.</p>	<p>Free Space</p>	<p>Color sorting! Find objects/toys in your house and sort them by color!</p>	<p>Letters in Books – While reading together, see what letters your child can point to in the book.</p>
<p>Draw numbers in the dirt outside using a stick! You could also create numbers using items found in nature.</p>	<p>Go on a nature walk. What do you see?</p>	<p>Act out a Bible story from one week this month!</p>	<p>Subitizing Practice – roll dice. See if your child can say how many without counting. How quickly can your child do it? Take turns rolling & saying how many.</p>	<p>Write your name in salt, sand, or sugar! Place salt in a tray and use your finger to write the letters in your name.</p>
<p>Draw a picture of a Bible story from one week this month.</p>	<p>String beads on pipe cleaners! You could even make bracelets or necklaces! ☺</p>	<p>Rhyming Songs – listen to/sing songs with rhymes & point out the rhyming words you hear.</p>	<p>Plant a Fall vegetable garden & care for it together. Some ideas: radishes, garlic, leaf lettuce, or spinach.</p>	<p>Cut apples in half. Dip in paint to use as stamps on a piece of paper!</p>
