

What does it mean to be “FULLY POTTY trained”?

Our program is not licensed to assist your child with toileting in ANY capacity. Therefore, please ensure that your child is fully potty trained prior to your first day. Thank you!

EXPECTATIONS -

Your child should be able to do the following 100% independently:

- Use the bathroom
- Wipe
- Pull pants and underwear up and down
- Wear underwear all day (even during nap time)

FAQ -

Can my child wear a pull-up?

NO. We are not licensed for diapering. Pull-ups and diapers are NOT allowed.

Can you help my child wipe?

NO. We are not licensed for that.

What if my child has frequent accidents?

Frequent accidents may indicate that your child is not fully potty trained and you may be asked to unenroll and/or stay home until your child becomes fully potty trained, depending on the circumstances.
